

We now head for our downtime which allows you to go off cruising or just out and around in the Bay.

Our next event will be the Scrapheap Challenge and DIY BBQ on the west harbour terrace on August 3rd

The "Scrapheap" Challenge

What will float *your* boat?

Use recyclable materials to build a **TOY BOAT*** ready to 'race' on 3rd August. Rendezvous @ 14.00h on the west harbour terrace and stay on afterwards for a DIY BBQ. Full details to follow nearer the time.

* You can use a variety of recycled materials to construct your boat *but the following rules will be applied*

- * It should be no longer than 50 cms LOA
- * It should be **wind powered**
- * The height is unlimited
- * It could be a catamaran

It can be fixed together using a range of tapes/twines/elastic bands/staples etc

We are busy planning other events so the outline autumn 2024 and spring 2025 programme is looking something like this:

Early October Ladies Day (part 2) with Mark Sawyer from Sea Training Sussex

November 3rd (Sunday am) A Splicing Session with help from Nicky's Chandlery

November 23rd The annual coffee morning and hamper to the crew of Eastbourne Lifeboat

presentation to

January 11th 2025 A session on engine checks and issues with James Wishman, mechanic Eastbourne Lifeboat

February 22nd (am) 2025 A Junior Splish! with help from the Water Safety team

March A practical anchoring course with Mark Sawyer from Sea Training Sussex

April Ladies Day (Part 3) with Mark Sawyer from Sea Training Sussex
